

2019 Water Polo Canada (WPC) Age Group National Team (AGNT) programs (May 21st, 2019)

IMPORTANT: *Changes or adjustments to specific programming details as listed in this document may still be required (dependent on exact travel dates, UANA or FINA changes, etc.). Further updates to this document will occur and WPC will communicate them via email to the WPC membership. They will also be posted on the WPC website.*

1. INTRODUCTION

The goal of this document is to provide guidance to all WPC stakeholders with regards to AGNT programs for 2018-19 selection processes and timelines. A preliminary assessment of the fees for participation has been completed and shall later be finalized once exact travel dates and team selection is completed.

2. REGIONAL DEVELOPMENT CENTRES

In order to better identify, test, and evaluate athletes for team selection, WPC has established RDC programs across the country that are **mandatory** for any athlete who wishes to be eligible for an AGNT in the summer of 2019. Athletes living in regions without an RDC program will have the opportunity to participate in Regional Development Camp(s). See section 7.

An athlete living within the region of an RDC who was unable to participate in the program can request from WPC a special exemption providing detailed information regarding their inability to attend an RDC program. Any athlete not attending an RDC program or Regional Development Camp(s) who has not requested a special exemption will be ineligible for an AGNT.

3. ATHLETE EVALUATION & IDENTIFICATION TOOLS

WPC will be delivering tools to guide and enhance the selection process of the age group national teams to all NCL Clubs, Regional Development Centres (RDCs) and Provincial Associations. All athlete and team evaluations are to be completed using the WPC document, and **other forms of evaluations will not be accepted**. RDCs are required to submit this tool for any athlete to be evaluated as part of the AGNT program. Note that Clubs and PSOs can submit evaluation forms in support of athletes requesting a special exemption for their inability to attend an RDC program.

4. STAFF STRUCTURE AGE GROUP PROGRAMS

All AGNT programs will be centrally managed by WPC. Overall program direction and oversight will come from the WPC High Performance Director (HPD), the NextGen Gen Lead Coach (NGLC) and coming from select Senior National Team Coaches.

Coordination and management of the AGNT programs will be the responsibility of the WPC HPD and NGLC or designates in coordination with the Senior National Team Manager whereas technical coordination, including the preparation of the Age Group YTP and technical preparation program will be assigned to the NGLC.

The daily implementation of these programs will then be assigned to an age group staffing structure comprised of part time age group National Team Head Coach (HC), Assistant Coach (AC) and Team Manager (TM) appointed by WPC. These contracts will be part time contracts.

WPC may name additional resources in the roles of Head Scout, Mentor Coach or medical personnel. The main objectives associated to these positions are to support the overall identification, evaluation and performance of WPC's AGNT Programs. In the spirit of Professional Development and aligned with its CTL development strategy supported by WPC high performance partners, WPC has assigned key positions for its current Senior National Team Staff.
